MOSQUITERA PLISADA FOUR

Moustiquaire Plissée FOUR
Pleated Insect Screen FOUR

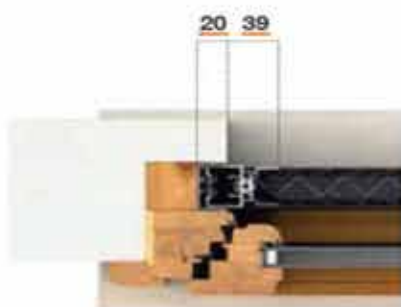

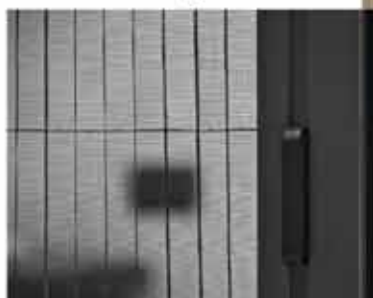

Preparado para montar fácilmente

La mosquitera plisada es perfecta para puertas de frecuente paso, gracias a la ausencia de barreras al suelo y su facilidad de accionamiento.

Una sola hoja puede cubrir hasta 3 metros de altura y 2 metros de anchura. Se pueden combinar varias hojas para cubrir grandes espacios.

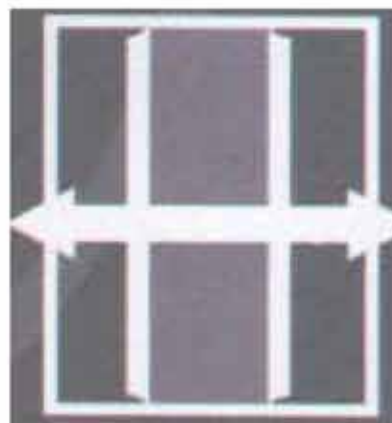

La tela plisada se suministra en negro.

Perfil compensador

POSIBILIDADES:

- Cierre con felpudo.
- Cierre con Iman.
- **Sistemas reversible de apertura,** hacia derecha e izquierda.
- Sistema doble lateral.
- Sistema doble central.

MOSQUITERA PLISADA PARA PUERTAS Y VENTANAS CON DESLIZAMIENTO SUAVE.

Moustiquaire pour portes et fenêtres avec filet plissé à empaquetage vertical avec commande par embrayage.

Flyscreen, clutch-operated, suitable for windows and doors with vertical operation. The perfect solution to be used with the Plissé door.

Está disponible con una o dos hojas. La guía de suelo con perfil rebajado de 7 mm facilita el paso.

C'est disponible à un vantail ou deux vantaux. La coulisse sur le sol est un profil très bas de 7 mm qui facilite le passage.

Available in one or two shutters. The 7 mm floor guide facilitates transit operations.

SISTEMA REVERSIBLE con apertura lateral en ambos lados. La red se encuentra entre dos perfiles correderos de aluminio que permiten la recogida total de la misma y su extensión en fase de apertura en toda su longitud. Estas características la hacen particularmente indicada en combinación con marcos correderos.

Reversible empaquetage latéral en coulissant des deux côtés.

Reversible flyscreen for french doors with opening on both sides.
